

Borough of Hamburg Newsletter - Summer 2020

www.hamburgnj.org

From Mayor Marino...

We can all see how COVID-19 has caused turmoil in everyone's lives; sadly, for some it has meant the loss of loved ones and for others it has led to financial hardships not seen in this county for many, many years. Our hearts go out to all who are suffering during this adversity.

I would like to personally thank all of our residents for their patience and understanding during this difficult time. For making the necessary changes to your lifestyles to keep everyone in our community safe: staying at home, wearing masks, limiting trips to essentials only, maintaining a safe distance when in public. For everything you are doing to safely keep in touch with friends and neighbors and for supporting local businesses. Thank You.

As we move forward, the health, safety and welfare of all our residents remains and will continue to be our highest priority. More businesses should be opening shortly and more of our residents going back to work. While you may feel safe please remember to continue following safety protocols per the State's executive orders and directions from the Offices of Emergency Management until it has been officially determined that it is no longer a necessity. They are in place to protect everyone.

We will continue to update our website as things change. Please monitor the Borough's website www.hamburgnj.org and our social media accounts for updated information.

We will get through this together.

Summer 2020 - Recycling Schedule

Month	4 th Tuesday Co-Mingled	4 th Wednesday Paper
June	23 rd	24 th

New Water Meters -

New meters are **mandatory** for all Hamburg homes.

Please call 973-827-9230 ext. 4011 between the hours of 8 AM - 3 PM, Mon-Fri. to schedule an appointment for the installation of your new meter.

The new meters require indoor installation and the homeowner or a responsible adult must be present to provide access to the home.

Pet Safety

For the safety of your pet and others please remember to keep your dog on a leash when not indoors or contained in a fenced in yard.

Per Ordinance 70-12 Section B. "No person owning, keeping or harboring any dog shall suffer or permit it to be upon the public or private streets or in any public place of the Borough of Hamburg unless such dog is accompanied by a person over the age of 12 years and is securely confined and controlled by an adequate leash not more than six feet long."

Hamburg Office of Emergency Management :

The Sussex County Office of Emergency Management along with Hamburg Office of Emergency Management has a system to stay in touch with you during times of emergency. The system is called Swift 911 Public . You can sign up on the web at Swift.Com or at the Google Play store or I-phone app store. It only takes minutes to register.

Hamburg Office of Emergency Management is now on Facebook at : Borough of Hamburg Office of Emergency Management

We understand everyone has questions about Covid-19 – We ask you visit the following web sites for the most up to date information :

- www.nj.gov/health/covid19.nj.gov
- www.sussex.nj.us
- www.sussexcountysheriff.com - Emergency Management
- www.Hamburgnj.org

During the summer months the Road Department will be picking up **grass clippings only**. Pickups on Mondays and Fridays only. Please have the bags curbside by 7 A.M. We will only make one trip through town each day. Bags placed curbside after the truck has passed will remain until the next pickup date. Do not put bags in the gutter or road. When it rains they break open and clog storm drains and lines. Bags found containing any rocks, dirt, dog waste or household garbage will not be picked up.

We also ask that all homeowners please refrain from blowing cut grass into public streets. It's important to keep the storm drains clear of debris.

As always if a storm comes through and tree limbs come down please drag curbside and we will pickup.

Any problems or questions, please do not hesitate to contact the road department at (973) 827-7702 or road_dept@hamburgnj.org.

Wishing you a safe and happy summer.
Michael Schneider

Hamburg School

«Congratulations to Hamburg School's Class of 2020!

We are proud of all that you are, and all that you will become. May your hopes, wishes and dreams become your reality.

Residential Pool Requirements –

Please read the following important information regarding the installation of residential swimming pools (including the temporary small models sold at retailers throughout our area). We understand that as summer approaches and households are looking for ways to enjoy the summer and provide recreational opportunities during the current public health emergency and “stay at home” order they may be considering the installation of a pool; however please note that all state and local zoning and construction regulations still apply.

As a guideline for residential pools that require permits, please see the following:

Zoning permits are required for seasonal as well as permanently installed pools.

Any pool capable of holding 24” of water requires a permit under the UCC (Uniform Construction Code)

Any pool with less than 48” high sidewalls require some other type of compliant barrier; fence, self-closing, latching gates and ladders etc.

Electrical requirements for temporary and permanent pools must be strictly adhered to. Permit required

The applicable codes are found at <https://codes.iccsafe.org/content/document/1536>, which include the International Swimming Pool Code and International Residential Code.

For any further information or guidance please call Hardyston Construction Dept. (973) 823-7020 x9001
